
PROFESSIONAL EXPERIENCE

- Marine Crewing Manager, TDI-Brooks International, Inc., 2022-Present
- Marine Operations Specialist, TDI-Brooks International, Inc., 2022 - 2022
- Quality Inspector, Performance Aircraft Services, 2021 – 2022
- Fuel Cell Mechanic, Performance Aircraft Services, 2020 – 2022
- Quality Inspector, Centex Aerospace, 2018 - 2019
- Relief Assistant Engineer, Marine Spill Response Corporation, 2017 – 2019
- Field Service Technician, Rolls-Royce Marine North America, 2015 – 2016

KEY ACHIEVEMENTS - TDI BROOKS INTERNATIONAL, INC.

Marine Crewing Manager

- Ensure maritime personnel are qualified for their positions
- Ensures all employees have accurate and current required licenses and qualifications before each cruise
- Responsible for hiring medically qualified, competent personnel for all vessel crew and ensuring that the Flag State manning requirements are met.

Marine Operations Specialist

- Assisted Logistics Manager, Port Captain, and Marine Operations Director with various documents and reports for vessel readiness.
- Assisted the Marine Crewing Manager with ensuring Certifications for Mariner and Tech personnel were up to date in the system.

KEY ACHIEVEMENTS – PERFORMANCE AIRCRAFT SERVICES

Quality Inspector

- Support Foreign Object Debris (FOD) prevention program
- Inspection of plumbing and hardware installed in accordance with (IAW) Aircraft Maintenance Manual (AMM)
- Inspection of integral and external sealing and de-sealing of tanks IAW AMM
- Ensuring proper paperwork, manuals, and ppe were used by tech and support personnel.
- Responsible for presenting the product and liaising with DCMA and L3 inspection departments.

Fuel Cell Mechanic

- Removal and installation of hardware of fuel systems in preparation for tank mediation
- Sealing and de-sealing internal and external areas of wing tanks to facilitate leak-free tanks
- Fuel pressure checks and leak mapping
- Prepared military aircraft fuel systems (wing tank and bladders) for rework at FAA rework facilities

KEY ACHIEVEMENTS – CENTEX AEROSPACE

- Inspection of hardware used in saddle/fuel tank assemblies.
- Inspection of fuel tank components and assemblies manufactured in-house.
- Inspection of control cables and wire assemblies manufactured in-house.

KEY ACHIEVEMENTS – MARINE SPILL RESPONSE CORPORATION

- I led the daily inspection of powerplant machinery, which is paramount for operational readiness.
- Conducted preventative maintenance on Fuel, Lube, Hydraulic, Emergency, Engine, and HVAC systems as outlined in the maintenance system to comply with operational readiness.
- Performed various collateral duties assigned by the Chief Engineer.
- Operated Hydraulic Power Unit to deploy or retrieve the oil spill response vessel, oil booms, and equipment.
